

CLEAR₁₀TM

A CLEAR VISION CLEAR 10 VODKA.

CLEAR10 Vodka is the vision of three Midwest friends who decided local grains, and naturally filtered water were the perfect recipe for an exquisitely smooth fresh vodka experience. The essence of Clear10 Ultra-Premium Vodka comes from 100% Heartland Corn, which is locally crafted at our Clear10 Bottling Company, Kansas in Kansas in small batches, and slow filtered 10 times. This meticulous process allows us to create one of the most luxurious vodka's in the world, free of additives. The result is exceptional taste, clean finish, and uncommon clarity.
